HP Compaq Pro 6300 Small Form Factor PC

Solid PC performance.
The HP Compaq Pro 6300 Small Form Factor is a versatile and powerful PC featuring customizable security and expansion features to help your business excel.

HP recommends Windows® 7.

Proven performance, intelligent design
Give performance a boost with the power of 3rd generation Intel® Core™ processor family, and get the most out of graphic-intensive applications with integrated Intel® HD Graphics.

Take advantage of customizable expansion options with PCI and PCI Express slots to support a variety of accessory cards. Transfer data with noticeable speed through the new USB 3.0 ports.

Configure the system memory with up to 32GB of DDR3-1600 SDRAM. Multiple storage drive configurations can double your storage space or provide a convenient back-up solution.

Improve productivity with independent dual monitor support. With an optional discrete graphics card, the HP Compaq Pro 6300 Small Form Factor can support up to four independent displays.

Access major components with the tool-less hood removal, tool-less drive bays and slots. Upgrade components in a snap with quick release latches, green pull tabs and color coordinated cables and connectors inside PC.

Simplified management
Protect your business-sensitive data with HP's certified and embedded Trusted Platform Module (TPM). Disable USB ports and slots for added security.

HP BIOS and Intel® Standard Manageability help control your PC fleet with features for easy management and trouble shooting.

A minimum of 15 months of platform stability enables long-range planning, maintains a consistent work environment and helps minimize support costs.

Rely on award-winning service and support with a standard, 3-year limited warranty from HP. Additional coverage is available through HP Care Pack Services.

Save energy, reduce impact
Lower your operating costs and overall eco-footprint with HP PCs:
ENERGY STAR® qualified
EPEAT ® Gold registered
BFR/PVC free materials (excluding external peripherals and cables)

Easily optimize and maintain your PC's power settings with HP Power Assistant software, enabling you to set up custom schedules for when the machine goes into low power states.
